## ABOUT ME

I am a young Congolese player born in Finland in 1998. I Spent the last 2 seasons helping the team of HJK Helsinki to promote the team from second division to the first. In 2019 I joined Ac Kajaani to play for a different first division team and to gain experience. For my next club I am looking for a place where I can help the team reach its goals and learn as much about football as possible.
